

## **TScan Therapeutics Announces Presentation at the 39th Annual J.P. Morgan Healthcare Conference**

January 6, 2021

WALTHAM, Mass.–([BUSINESS WIRE](#))–TScan Therapeutics, a biopharmaceutical company focused on the development of T-cell receptor (TCR)-engineered T cell therapies in oncology, today announced that David Southwell, Chief Executive Officer, will present virtually at the 39<sup>th</sup> Annual J.P. Morgan Healthcare Conference on Wednesday, January 13, 2021, at 12:10 p.m. Eastern Time.

### **About TScan Therapeutics**

TScan discovers and develops transformative T cell therapies (TCR-T) to treat liquid cancers, solid tumors, and other serious diseases. Our proprietary, high-throughput platform identifies previously uncharacterized, clinically-derived shared T cell antigens and all off-target TCR interactions, to enable the development of highly efficacious TCR-Ts with minimal off-target effects. Lead program TSC-100 is expected to enter clinical development for liquid cancers in 2021, and the Company is advancing additional TCR-Ts for solid cancers. TScan was co-founded by Chair Christoph Westphal (Partner, Longwood Fund) based on pioneering research from the Elledge Lab at Brigham and Women's Hospital. The Company has raised over \$80 million to date from leading strategic collaborators and investors including Longwood Fund, Novartis Institutes for Biomedical Research, Astellas Venture Management, Novartis Venture Fund, Bessemer Venture Partners, GV, 6 Dimensions Capital, and Pitango Venture Capital.
